Sources

Alphabetical list of all keywords used in this issue. The numbers refer to the heading under which the word may be found.

Headings:
1. Analytical instruments/Analysis/Balances/Measuring devices
2. Biochemicals
3. Chemical literature
4. Chemicals for analytical purposes
5. Chromatography
6. Clinical chemistry/Medicinal chemistry
7. Computer/Software/Databases
8. Cooling and freezing
9. Environment and environmental chemistry
10. Filtration and separation
11. Heating and drying
12. Inorganic chemicals
13. Instrument-making and process engineering
14. Laboratory equipment and instruments
15. Measuring of pressure and temperature
16. Microscopy/Optical instruments
17. Miscellaneous
18. Mixing/Transportation/Storage
19. Organic chemicals
20. Pumping and dispensing
21. Services
22. Spectroscopy
23. Vacuum technology

Key words with heading number

BF₃-Complexes 12
Bursting discs 13
Centrifuges 10
Centripetal filters 2
Cesium, metal and compounds 12
D-Penicillamine 19
Explosion panels 13
Gas chromatograph/mass spectrometers 22
Gas-introduction systems 20
Heating apparatus, explosion proof 11
Ion mobility spectrometers 22
Magnesium trisilicate 12
Nozzles 14
Osmometers 1
Sodium compounds 12
Sodium tetraphenylborate 19

Analytical instruments/Analysis/Balances/Measuring devices

Osmometers
(see Measuring of pressure and temperature)

Filtration and separation

Centripetal filters
Düsen-Schlick GmbH
Hutstr. 4, 96253 Untersieman
Tel.: 0 95 65 94 81-0, Fax: 0 95 65/28 70

D-Penicillamine
HEYL, 14167 Berlin

Sodium tetraphenylborate
HEYL, 14167 Berlin

Spectroscopy

Ion mobility spectrometers
Bruker-Saxonia Analytik GmbH
Permoserstr. 15
04318 Leipzig

Inorganic chemicals

BF₃-Complexes
HEYL, 14167 Berlin

Cesium, metal and compounds
Chemetall GmbH – Special Metals Division
Trakehner Str. 3, 60487 Frankfurt a.M.
Tel: 0 69/71 65-34 58
Fax: 0 69/71 65-25 23

Magnesium trisilicate
VAN BAERLE & CO, 64575 Gernsheim

Sodium compounds
VAN BAERLE & CO, 64575 Gernsheim

Sodium silicate

Microscopy/Optical instruments

Scanning force microscope
JPK Instruments AG
Bouchestraße 12, D-12435 Berlin
Tel.: 49 30 53 31 12 07 3
Fax: 49 30 53 31 12 02
office@jpk.com, www.jpk.com

Laboratory equipment and instruments

Nozzles
Düsen-Schlick GmbH
Hutstr. 4, 96253 Untersieman
Tel.: 0 95 65 94 81-0
Fax: 0 95 65/28 70

Organic chemicals

D-Penicillamine
HEYL, 14167 Berlin

Sodium tetraphenylborate
HEYL, 14167 Berlin

WILEY-VCH
