No part of this publication may be reproduced, stored or transmitted in any form or by any means without the prior permission in writing from the copyright holder. Authorization to copy items for internal and personal use is granted by the copyright holder for libraries and other users registered with their local Reproduction Rights Organisation (RRO), e.g. Copyright Clearance Center (CCC), 222 Rosewood Drive, Danvers, MA 01923, USA (www.copyright.com), provided the appropriate fee is paid directly to the RRO. This consent does not extend to other kinds of copying such as copying for general distribution, for advertising or promotional purposes, for creating new collective works or for resale. Special requests should be addressed to: permissionsuk@wiley.com. All materials published, including but not limited to original research, clinical notes, editorials, reviews, reports, letters, and book reviews represent the opinions and views of the authors and do not reflect any official policy or medical opinion of the institutions with which the authors are affiliated, The Triological Society, The American Laryngological Association, or of the Publisher unless this is clearly specified. The Publisher, The Triological Society, The American Laryngological Association, and Editors cannot be held responsible for errors or any consequences arising from the use of information contained in this journal; the views and opinions expressed do not necessarily reflect those of the Publisher, The Triological Society, The American Laryngological Association, and Editors, neither does the publication of advertisements constitute any endorsement by the Publisher, The Triological Society, The American Laryngological Association, and Editors of the products advertised. Materials published herein are intended to further general scientific research, understanding, and discussion only and are not intended and should not be relied upon as recommending or promoting a specific method, diagnosis, or treatment by physicians for any particular patient. While the Editors, Society, Association, and Publisher believe that drug selections and dosages and the specifications and usage of equipment and devices as set forth herein are in accord with current recommendations and practice at the time of publication, they accept no legal responsibility for any errors or omissions, and make no warranty, express or implied, with respect to material contained herein. Publication of an advertisement or other discussions of products in this publication should not be construed as an endorsement of the products or the manufacturers' claims. Readers are encouraged to contact the manufacturers with any questions about the features or limitations of the products mentioned. The names, logos and seals of The Triological Society and the American Laryngological Association are trademarks of the respective societies.

The Laryngoscope (print ISSN 0023-852X; online ISSN 1531-4995) is published monthly on behalf of The Triological Society and affiliated with the American Laryngological Association by Wiley Subscription Services, Inc., a Wiley company, 111 River St., Hoboken, NJ 07030-5774. Periodical Postage Paid at Hoboken, NJ and additional offices.

Wiley's Corporate Citizenship initiative seeks to address the environmental, social, economic, and ethical challenges faced in our business and which are important to our diverse stakeholder groups. Since launching the initiative, we have focused on sharing our content with those in need, enhancing community philanthropy, reducing our carbon impact, creating global guidelines and best practices for paper use, establishing a vendor code of ethics, and engaging our colleagues and other stakeholders in our efforts. Follow our progress at www.wiley.com/go/citizenship.

Access to this journal is available free online within institutions in the developing world through the HINARI initiative with the WHO. For information, visit www.healthinternetwork.org.

Printed in the US by Cenveo Publisher Services.
