LETTER FROM THE NEW EDITORS
Letter from the editors
Cynthia Lum and Christopher S. Koper

SPECIAL ISSUE: COUNTERING MASS VIOLENCE IN THE UNITED STATES
Policy recommendations for countering mass shootings in the United States
Daniel S. Nagin, Christopher S. Koper, and Cynthia Lum

Patterns and prevalence of lethal mass violence
Grant Duwe
Why have public mass shootings become more deadly?: Assessing how perpetrators’ motives and methods have changed over time
Adam Lankford and James Silver

Desperate identities: A bio-psycho-social analysis of perpetrators of mass violence
Peter Langman
What role does serious mental illness play in mass shootings, and how should we address it?
Jennifer Skeem and Edward Mulvey

Identifying high-risk firearm owners to prevent mass violence
Hannah S. Laqueur and Garen J. Wintemute

Potential to prevent mass shootings through domestic violence firearm restrictions
April M. Zeoli and Jennifer K. Paruk

Assessing the potential to reduce deaths and injuries from mass shootings through restrictions on assault weapons and other high-capacity semiautomatic firearms
Christopher S. Koper

Evidence concerning the regulation of firearms design, sale, and carrying on fatal mass shootings in the United States
Daniel W. Webster, Alexander D. McCourt, Cassandra K. Crifasi, Marisa D. Booty, and Elizabeth A. Stuart

Algorithmic approach to forecasting rare violent events: An illustration based in intimate partner violence perpetration
Richard A. Berk and Susan B. Sorenson

Threat assessment as a school violence prevention strategy
Dewey G. Cornell

Space between concern and crime: Two recommendations for promoting the adoption of the threat assessment model and encouraging bystander reporting
James Silver

Investigating the applicability of situational crime prevention to the public mass violence context
Joshua D. Freilich, Steven M. Chermak, and Brent R. Klein

Rapid response to mass shootings: A review and recommendations
Paul M. Reeping, Sara Jacoby, Sonali Rajan, and Charles C. Branas

The devil’s in the details: Measuring mass violence
Lin Huff-Corzine and Jay Corzine

Responses to mass shooting events: The interplay between the media and the public
Arie Croitoru, Sara Kien, Ron Mahabir, Jacek Radzikowski, Andrew Crooks, Ross Schuchard, Tatjanna Begay, Ashley Lee, Alex Bettios, and Anthony Stefanidis

CORRIGENDUM
The reverse racism effect: Are cops more hesitant to shoot Black than White suspects?
April M. Zeoli and Jennifer K. Paruk

A journal devoted to policy discussions of criminology research findings
