Original Research

Quantitative clinical adjustment analysis of posterior single implant crowns in a chairside digital workflow: A randomized controlled trial

1059 Y. Zhang, J. Tian, D. Wei, P. Di & Y. Lin

Influence of surgical guide support and implant site location on accuracy of static Computer-Assisted Implant Surgery

1067 K. El Kholy, R. Lazarin, S. F. M. Janner, K. Faerber, R. Bauer & D. Buser

Bar versus ball attachments for maxillary four-implant retained overdentures: A randomized controlled trial

Hydrophilic titanium surface-induced macrophage modulation promotes pro-osteogenic signalling

1085 S. M. Hankel, R. S. B. Lee, H.-J. Moon, M. A. AlFarsi & S. Ivanovski

Analysis of trends in implant therapy at a surgical specialty clinic: Patient pool, indications, surgical procedures, and rate of early failures—A 15-year retrospective analysis

1097 J. Ducommun, K. El Kholy, J. Rahman, M. Schimmel, V. Chappuis & D. Buser

Patient satisfaction and oral health-related quality of life (OHRQoL) of conventional denture, fixed prosthesis and ball bar overdenture for All-on-4 implant rehabilitation: A crossover study

1107 M. Abdou Elsaied, M. Elgersd, M. Mohameded Azar & G. Hamer Al Farah

Supplemental periodontal regeneration by vertical ridge augmentation around dental implants: A preclinical in vivo experimental study

Prospective randomized-controlled clinical study comparing two types of two-piece dental implants supporting fixed reconstructions—Results at 5 years of loading

1126 A. Saevidde, L. Heide, C. H. P. Høhmann, J. Hohler, R. E. Jang & D. S. Theil

The up-to-11-year survival and success of implants and abutment teeth under solely implant-supported and combined tooth–implant-supported double crown-retained removable dentures

1134 H. Fohbi, P. Banenborg, I. Laurson Bermejo & S. Kappel

Excessive occlusal load on chemically modified and moderately rough titanium implants restored with cantilever reconstructions. An experimental study in dogs
