Author Guidelines

Online submission of manuscripts

Authors are required to submit manuscripts online via ScholarOne Manuscript. **Manuscripts, including tables, must be submitted as Word (doc) or LaTeX (tex) files, and figures submitted as high resolution JPEG or vector graphic PDF files.** Do not embed figures within the main text; append them as separate files.

Manuscripts are submitted via Manuscript Central (https://mc.manuscriptcentral.com/cod). Please duly **consult author guidelines** found on http://onlinelibrary.wiley.com/journal/10.1111/(ISSN)1600-0536/homepage/ForAuthors.html **before submitting a manuscript.**

Authors for whom English is a second language may choose to have their manuscript professionally edited before submission. **We are unable to accept any Manuscript submitted in inaccessible English or in a form unsuitable for effective peer review** (http://authorservices.wiley.com/bauthor/english_language.asp). Authors submitting a paper do so on the understanding that the work has not been published before, is not being considered for publication elsewhere and has been read and approved by all authors.

Contact Dermatitis employs a plagiarism detection system. By submitting your manuscript to this journal you accept that your manuscript may be screened for plagiarism against previously published works. Prior to submission, authors should carefully check the Ethical guidelines requirements available http://onlinelibrary.wiley.com/store/10.1111/(ISSN)1600-0536/asset/homepages/ethical_policy_2010.pdf. If you need further instructions for electronic submission of manuscripts please contact the Editor-in-Chief:
