European Journal of Clinical Investigation

Volume 49 Supplement 1 April 2019

Abstracts of the 53rd Annual Scientific Meeting of the European Society for Clinical Investigation

“The Clocks of Metabolism and Disease”

Coimbra, Portugal

22nd – 24th May 2019

These abstracts have been published as they were received via online electronic submission. Every effort has been made to reproduce faithfully the abstracts as submitted. However, no responsibility is assumed by the organizers for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of methods, products, instructions or ideas contained in the materials herein. Because of the rapid advances in medical sciences, we recommend that independent verification of diagnoses and drug doses should be made.

Vol 49 Supplement 1

Contents

Abstract number
PL-1 to PL-5

PL | Plenary speakers

Symposium invited speakers
S1 | Mitochondrial Biology in Health and Disease/
MitopORTO2019
S2 | Phagocytes
S3 | Circadian and Ageing-related Aspects of
Cardiovascular Diseases
S4 | Nutrition and Hepatology
S5 | Bioinformatics and Machine Learning in Biomedicine
S6 | Gene and Cell Therapy: from Fundamental Science
to the Clinic
S7 | Redox Signalling in Health and Disease
S8 | Neurobiology of Aging

Symposium invited speakers
S1 | Mitochondrial Biology in Health and Disease/
MitopORTO2019
S2 | Phagocytes
S3 | Circadian and Ageing-related Aspects of
Cardiovascular Diseases
S4 | Nutrition and Hepatology
S5 | Bioinformatics and Machine Learning in Biomedicine
S6 | Gene and Cell Therapy: from Fundamental Science
to the Clinic
S7 | Redox Signalling in Health and Disease
S8 | Neurobiology of Aging

Oral presentations
S1 | Mitochondrial Biology in Health and Disease/
MitopORTO2019
S2 | Phagocytes
S3 | Circadian and Ageing-related Aspects of
Cardiovascular Diseases
S4 | Nutrition and Hepatology
S5 | Bioinformatics and Machine Learning in Biomedicine
S6 | Gene and Cell Therapy: from Fundamental Science
to the Clinic
S7 | Redox Signalling in Health and Disease
S8 | Neurobiology of Aging

Posters by theme

Objectives
The objectives of the Society are the advancement of medical practice through science; the cultivation of clinical research by the methods of the natural sciences; the correlation of science with the art of medical practice; the fostering of high standards of ethical practice and investigation; and the diffusion of a spirit of fraternity and international co-operation among and through its members.

Membership
Any person who has been actively involved in medical research in Europe, for example by involvement in original investigations in clinical or allied sciences of medicine, can apply for membership of ESCI. Members will receive the EJCI monthly.

Young scientists under the age of 30 can apply for junior membership (for a maximum of up to three years) to a reduced membership fee.

Any company, corporation, organisation, or trust can apply for corporate membership in the Society.

Meetings
The Society holds one Annual Scientific Meeting each year, usually in April/May. Meetings are held in different centres in Europe. Other Society’s activities include the sponsorship of Workshops and Postgraduate Courses and the encouragement of the exchange of Scientists between Laboratories.

Agreement between the European Society for Clinical Investigation and the American Federation for Medical Research
An agreement has been reached between the councils of the ESCI and AFMR as follows:
(i) ESCI members can now submit abstracts for presentation at the joint Annual Meetings of the AFMR, AAP and ASCI.
(ii) ESCI members can apply for membership of AFMR on the normal terms. Those wishing to apply for membership should download an application form from the Journal of Investigative Medicine.
(iii) AFMR members can submit abstracts for presentation at the Annual Scientific Meetings of ESCI. Details of ESCI Meetings will appear regularly in the Journal of Investigative Medicine, and AFMR members can submit abstracts to ESCI when submission opens.
(iv) AFMR members can apply for membership of ESCI on the normal terms.
