

# Call for Papers:

## Special Issue on the Statistics of Autonomous Vehicles

**Applied Stochastic  
Models in Business  
and Industry**

The official journal of  
the International Society for  
Business and Industrial Statistics

We are happy to announce a Special Issue of the journal *Applied Stochastic Models in Business and Industry* (ASMBI), dedicated to the topics that pertain to **autonomous vehicles** (or automated driving systems).

Such topics include, but are not limited to, the training of such vehicles, the statistical assessment of their safety, the measurement of their environmental impact, issues related to insurance and legal regulation, economic impact, social implications, and cybersecurity. Papers should present either innovative methodologies in Data Science/Stochastic Modeling, or insightful applications of existing statistical methods.

All submissions will go through the standard, selective review process of ASMBI. Submissions are possible until **30 November 2022** through the website <https://wiley.atyponrex.com/journal/ASMB>.

Please follow the ASMBI author submission guidelines given on the ASMBI website [here](#) and clicking on the box about submissions for special issues, mentioning “Autonomous Vehicles” when requested.

The Guest Editors of the special issue will be **David Banks** ([banks@stat.duke.edu](mailto:banks@stat.duke.edu)) and **Feng Guo** ([feng.guo@vt.edu](mailto:feng.guo@vt.edu)). For any information about the ASMBI journal, please contact its Editor-in-Chief, **Fabrizio Ruggeri** ([fabrizio@mi.imati.cnr.it](mailto:fabrizio@mi.imati.cnr.it)).
