

International Symposium on Innovations in Intelligent Systems and Applications (INISTA 2021)

International Symposium on Innovations in Intelligent Systems and Applications (INISTA) has been organized since 2005. It aims to bring together the researchers from the entire spectrum of the multi-disciplinary fields of intelligent systems and to establish effective means of communication between them. In particular, it focuses on all aspects of intelligent systems and the related applications, from the points of view of both theory and practice. INISTA 2021 will be held on August 25-27, 2021. We strongly believe that situation with COVID-19 virus will be normalized and that we will meet at the end of August in 2021. But, If the pandemic and uncertainties regarding to travel restrictions continue, there is a possibility that the conference will be held on a hybrid basis. The special issue is by invitation only to selected papers presented at the INISTA 2021. Authors of best papers accepted at INISTA 2021 will be invited to submit extended and updated versions of their work.

Objectives, Scope and Topics of Special Issue

The topics of interest cover the entire spectrum of the multi-disciplinary fields of intelligent systems and related applications. In particular, the topics include:

- Computational and Data Science, Engineering Applications
- Non-scientific Applications (Ex. Manufacturing, Retail, Finance etc.)
- Artificial Intelligence and Machine Learning
- Big Data Applications, Algorithms, and Systems
- Cloud/edge/fog Computing
- Distributed Intelligence
- Hardware Implementations for Intelligent Systems
- Intelligent Interaction and Visualization
- Other topics related to Intelligent Systems

Submission guidelines

Manuscripts must be submitted through the Concurrency and Computation Practice and Experience electronic submission system at <https://mc.manuscriptcentral.com/cpe> (select “Special Issue on INISTA 2021” as the manuscript

type). Submissions shall adhere to the Wiley's instructions and guidelines for authors available at the journal web site: <https://onlinelibrary.wiley.com/journal/15320634>. The submitted papers must have at least 50% difference from any other published conference paper.

Important Dates

- Submission due: October 15, 2021
- Initial review: November 30, 2021
- Revision due: December 31, 2021
- Final decision: January 31, 2022
- Publication: After January 2022 (Tentative)

Guest Editors

- Süleyman Eken, Information Systems Engineering, Kocaeli University, Turkey (suleyman.eken@kocaeli.edu.tr) (Lead Guest Editor)
- Zeynep Hilal Kilimci, Information Systems Engineering, Kocaeli University, Turkey (zeynep.kilimci@kocaeli.edu.tr)
- Serdar Solak, Information Systems Engineering, Kocaeli University, Turkey (serdars@kocaeli.edu.tr)
